

# Rascal® Fold & Go® 760

## Features & Benefits

- Portable and compact 760 powerchair can be conveniently transported in a car trunk or stored in a closet
- Disassembles into three lightweight pieces for transport and storage
- A 30" turning radius allows you to easily glide around corners and obstacles in any room in your home
- You can store the 760 in your trunk while charging the battery pack inside your home, or wherever an outlet is available
- Cushioned seat with adjustable width padded armrests and detaches for use as a stadium chair; seat cushions are removable for easy cleaning
- Responsive joystick-controlled steering for maneuvering at the touch of a finger; control panel features 5 speed settings, horn control, power switch, plus an additional battery charger port
- Puncture-proof, foam-filled tires mounted on attractive metal sport rims
- Automatic parking brakes prevent "roll-back" on inclines
- Available in Sapphire Blue
